Wouldn't it be swell if you could invite your own quintet of Thanksgiving Day dinner guests, drawing them from any time, place, or dimension... real or imagined? Well we asked some staff members and creators who *they* would ask to "pass the cranberries" this Thanksgiving, and we'd certainly like a place at every hypothetical table pro posed! EDITOR'S *note*

GIVING THANKS (YEAR FOURTEEN)

As tradition would have it, it's once again time for me to take stock and give thanks for another year here behind the Editor's desk at ***PREVIEWS***. I've been at this post for 14 years now, 21 years in all working on ***PREVIEWS***, and I can say with all honesty that it has been both a blessing and a curse. But in the end, as with all things worth doing, you balance out the good and the bad and find a middle ground… a level field where you can enjoy yourself and the work you do. And you can be thankful for that, which indeed I am.

So, as I've done every year for the past 14, here are some of my reasons to be thankful…

I am *thankful*… for a job that has kept me relatively out of trouble for over 20 years!

I am *thankful*… for the ***PREVIEWS*** team, the most talented — and patient — bunch of guys and gals around!

I am *thankful*… for my West coast pals Andy, Jackie, Chris, Joe, Dwayne, Rob, Ross, and J.W.!

I am *thankful*… for my East coast pals Jeff, Mike, Tom, Dave, Vince, and Michel!

I am *thankful*… for the power of my DVR—I rule my TV, not the other way around!

I am *thankful*… that I have good friends who feed me turkey every year!

And most of all, I am eternally thankful that I was given the opportunity to be your host each month. Believe me, it's not always fun and games, but it's never the same thing twice, either. And variety, as they say, is the spice of life!

And wherever you are, a Happy Thanksgiving to you and yours!

Your Pilgrim Pal @ ***PREVIEWS***,

Marty

This month's featured creator is...

ROBERT VENDITTI

Robert Venditti broke into comics the old-fashioned way — by starting out in the mailroom. He began working for publisher Top Shelf Productions in 2002, and a few months later sold them the script for *The Surrogates*, his first comic book series. The collected edition of the series was released in 2006, and Touchstone Pictures acquired the film rights to the story shortly thereafter. Starring Bruce Willis and Ving Rhames, the motion picture adaptation hit theatres September 25, 2009. *The Surrogates: Flesh and Bone*, a prequel to the first volume, was released in July.

Venditti currently lives in Atlanta, where he works for Top Shelf by day (though, happily, his duties have expanded beyond the mailroom) and writes comics by night. Future projects include the political/medical thriller *The Homeland Directive* due from Top Shelf in 2010, and a graphic novel adaptation of the best-selling novel *The Lightning Thief* for Hyperion.

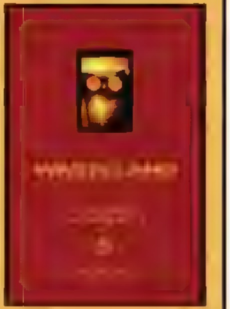
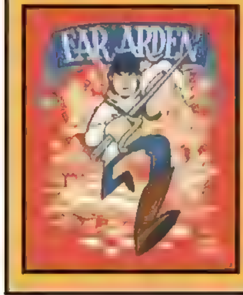
Robert Venditti: what are you reading?

Pinocchio
Vampire Slayer

PINOCCHIO: VAMPIRE SLAYER
(Amaze Ink/Slave Labor Graphics)
Vampire stories are nothing new to comics, but one that puts a new spin on a classic children's tale is. Jensen and Higgins redefine the genre by transforming Collodi's story about a wooden puppet into something completely fresh, but respectful of the original. This graphic novel hits the perfect balance of humor and heart. (JUL090644)

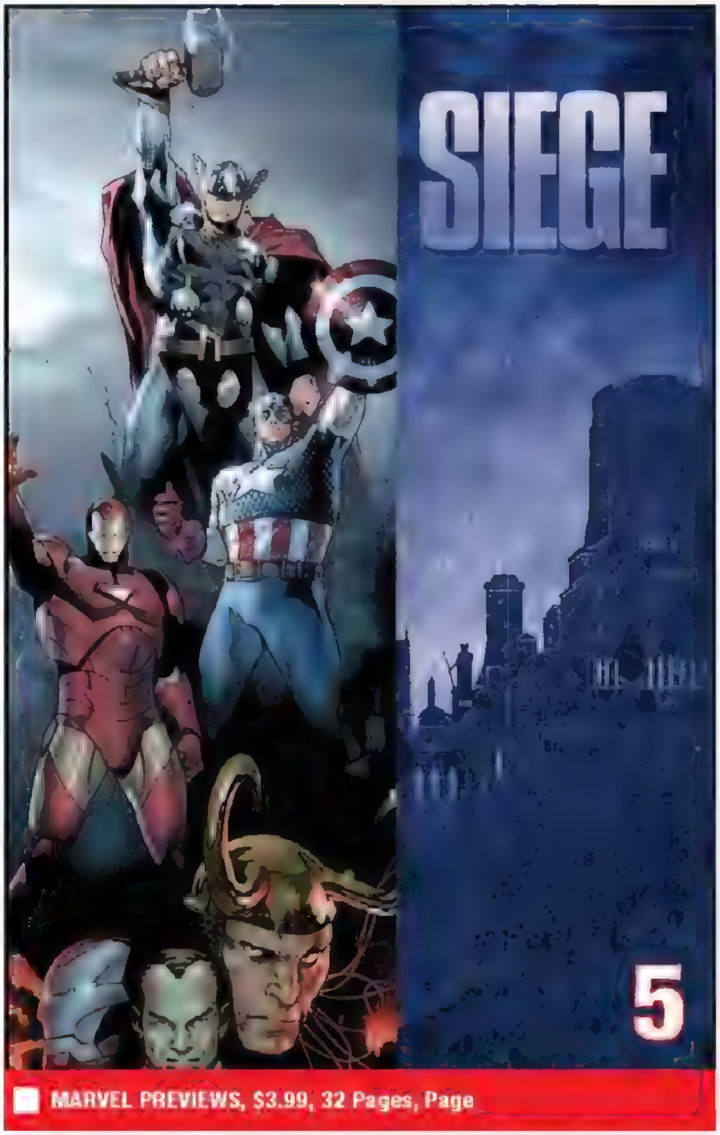


WASTELAND (Oni Press)
Johnston and Mitten craft an epic story packed with strong characters, engaging plots, and my favorite aspect of the book: political intrigue. To convincingly bring their world to the page, they provide a level of detail that is nothing short of miraculous. This is one monthly title that never disappoints. (See Page 253)



FAR ARDEN HC (Top Shelf Productions)
Kevin Cannon's first solo graphic novel follows modern-day pirate Army Shanks on a rollicking romp through the Canadian Arctic as he searches for the mythical island paradise known as Far Arden. It's another blend of humor and heart, with high seas adventure thrown in to boot. (See Page 267)

THE AVENGERS LAY SIEGE TO NORMAN OSBORN'S DARK REIGN!



☐ MARVEL PREVIEWS, $3.99, 32 Pages, Page

Five years of Marvel Comics' storylines reach their culmination this January. *Avengers: Disassembled* saw the world's greatest super-team, the Avengers, shattered and two teams — the New Avengers and the Mighty Avengers — arise from the wreckage. *House of M* transformed mutants into an endangered species. *Civil War* drove deep fissures between friends and allies as they had to choose between freedom and security. *Secret Invasion* revealed a growing threat to the Marvel Universe that had taken root and used the fissures to grow. Finally, Norman Osborn used the fallout of *Secret Invasion* to place his hands on the reins of power, ushering in his *Dark Reign*. These story strands converge for Marvel Comics' next explosive event — *Siege!*

December's *Siege: The Cabal* revealed another set of fissures. The Cabal, the organization of super-villains assembled by Norman Osborn to enact his Dark Reign, was an alliance of convenience at best, and those that Osborn gathered had their own agendas. Osborn has many enemies, not all of them heroic or altruistic, and one seized an opportunity to strike. These events lay the groundwork for the four-part mini-series, *Siege*, from Brian Michael Bendis and Olivier Coipel, that will bring an end to *Dark Reign* and usher in the next chapter in Marvel Universe history!

Bendis and Coipel bring the heroes of the Marvel Universe together to confront the gravest menace the world has ever faced. The threats to liberty of *Civil War*, the threats to Earth in *Secret Invasion*, these pale against the threat posed by a single man, Norman Osborn. *Siege* marks a seismic shift in the status quo of the Avengers, reuniting three characters that have been in opposition for half a decade — Captain America, Iron Man, and Thor. These three characters and the teams they once represented — the New Avengers and the Mighty Avengers — join forces to battle a threat than none of them can withstand alone. The resulting fallout will shake the Marvel Universe to its core and demonstrate to the world the heroism embodied by its heroes.

In January, the Marvel Universe changes as *Siege* begins. Whether you have been with the story since the beginning of *Avengers: Disassembled* or you're coming fresh, you can be guaranteed that Bendis and Coipel will pull out all the stops for an absolute blockbuster in *Siege!* This January, the Avengers will Assemble, and Norman Osborn had better watch out!

THE AVENGERS WILL ASSEMBLE THIS JANUARY TO CONFRONT NORMAN OSBORN'S HOLD ON POWER IN THIS FOUR-PART EVENT!

AN ORC SOCIETY FACES COLLAPSE IN IMAGE'S ORC STAIN

ORC STAIN
132

☐ [illegible]
32 Pages, Page [illegible]

Orcs have been a staple of high fantasy fiction since J.R.R. Tolkien wrote *The Lord of the Rings*. While the word itself dated back to the Anglo-Saxon epic poem Beowulf, it was Tolkien who gave shape to the fantasy creature — green skinned, violent tempered, warlike — that populates so much fantasy fiction and so many fantasy worlds today. Whether you're playing *Warhammer* or *Dungeons & Dragons* or reading the latest *WarCraft* novel, the green-skinned Orcs you meet owe their origins to Tolkien's legendarium.

This January, one of comics' most unique creators puts his own spin on the Orc. James Stokoe, the creator behind competitive cooking-meets-space trucking series *Wonton Soup*, turns his attention to the emerald ogres in *Orc Stain*, his first on-going series.

Missing an eye, one orc wears his battle scars like badges of honor. His people live for the battle, they live for the conquest. Born and bred for conflict, this one-eyed orc has the uncanny ability to see the weakness in an enemy's formation, the flaw in an opponent's strategy, the crack in a wall, the fissure in a building — weak spots that can be exploited, weak spots that can win a victory. But his sight shows his another weakness — the life of constant war and endless conquest that Orc-kind lives is built on a shaky foundation and Orc society itself may collapse from that flaw.

Orc Stain is brutal and bloody high fantasy from an creator that is among the most gifted of his generation. Take a look at the life of an orc from the inside, and there's no one better than Stokoe to take readers on this fantastical journey. Look for *Orc Stain* this January!

THE FORCE IS STRONG IN GENTLE GIANT'S LUKE SKYWALKER MINI-BUST

On the ice world of Hoth the Rebel Alliance faced the gravest challenge to its existence. Driven to a secret base carved from beneath Hoth's glaciers, the Rebels awaited the inevitable Imperial attack. The base discovered, the Empire lay siege both on the ground and from orbit, and in the defense of the base and the escape of the Rebellion's leadership legends were forged.

Among those legends is the young Jedi Luke Skywalker. Gentle Giant recreates Luke in his Hoth arctic gear as a 6 1/2" tall *Star Wars: Luke Skywalker "Hoth" Mini-Bust*. His face scarred by the Wampa's attack, Luke's expression is resolute, the determination to drive off the Imperial forces fixed in his eyes. Limited in production, this statue is strong in the ways of the Force!

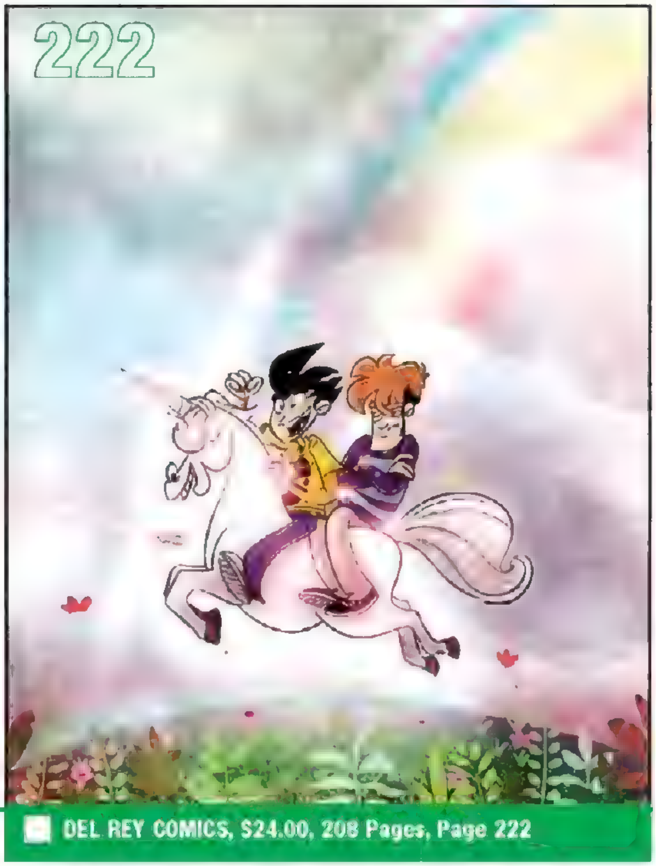
GAMING CULTURE AWAITS IN THE SPLENDID MAGIC OF PENNY ARCADE



■ DEL REY COMICS, $24.00, 208 Pages, Page 222

Fifteen years ago, video games were a hobby for teenage boys. That began to change with the debut of the Sony PlayStation in 1996, and what had been an underground subculture became not just mainstream but accepted. The Nintendo Wii, the Xbox 360, the PlayStation 3 — these have been a daily part of millions of lives, and no one has done a better job of chronicling the intersection of gaming, pop culture, and daily life than Penny Arcade's Jerry Holkins and Mike Krahulik.

One of the longest-running and most-read webcomics today, Penny Arcade celebrates an anniversary with Del Rey's *The Splendid Magic of Penny Arcade: The 11 1/2- Year Anniversary Edition*, collecting the strips that have entertained millions. From the launch of the Sega Dreamcast to their feud with Harlan Ellison, from skewering pop culture to the travails of online gameplay, the adventures of Gabe (Mike Krahulik) and Tycho (Jerry Holkins) are collected and annotated, making the hardcover *Splendid Magic of Penny Arcade* the perfect addition to the libraries of gamers and lovers of sequential art alike.

PENNY ARCADE, THE POPULAR WEBCOMIC, CELEBRATES ITS 11 1/2-ANNIVERSARY WITH THIS HARDCOVER COLLECTION OF GABE AND TYCHO'S HIJINKS!

American industrialist Tony Stark, while visiting American troops in Afghanistan, was injured with a piece of shrapnel. Museum Replicas has meticulously recreated this high-tech hardware as the *Iron Man Movie: Arc Reactor Prop Replica*. Made of machined aluminum and stainless steel, the Arc Reactor features working LED lights to bring this authentic piece to vibrant life.

Scott Allie (W), Mario Guevara (P), Juan Ferreyra (C), and Darick Robertson (Cover)

On sale Jan 13	FC, 32 pages
$3.50	MINISERIES

Taking place after the events in *Solomon Kane: The Castle of the Devil*—but written to stand on its own—this new series delves deep into the horrors scattered throughout Germany's Black Forest. When Kane comes across gypsies being terrorized by roving bandits, he's not sure what's worse—the bandits who wish to rob and rape innocent travelers or the evils that spew forth from the forest, intent on killing every man and woman around! With creature designs by Eisner Award–winning artist Guy Davis, this series uses Robert E. Howard's "Death's Black Riders" fragment and the "Rattle of Bones" short story as springboards to launch into a suspenseful and terrifying new excursion with Howard's troubled Puritan hero.

Dark Horse's new *Solomon Kane* series features the return of writer Scott Allie and artist Mario Guevara (*The Lone Ranger and Tonto*), who are joined by colorist Juan Ferreyra (*Rex Mundi*) and cover artist Darick Robertson (*The Boys*, *Transmetropolitan*)!

The familiar faces of Boy, Jane, and Lieutenant Paul D'Arnot—a character fashioned after Jesse Marsh himself—return, and the recurring character Dr. MacWhirtle, a famed and eccentric paleontologist, is introduced for the first time!

BLACKSAD

Juan Díaz Canales (W) and Juanjo Guarnido (A)

On sale Mar 24	FC, 184 pages
$29.99	HC, 8 1/2" x 10 7/8"

Private investigator John Blacksad is up to his feline ears in mystery, digging into the backstories behind murders, child abductions, and nuclear secrets. Guarnido's sumptuously painted pages and rich cinematic style bring the world of 1950s America to vibrant life, with Canales weaving in fascinating tales of conspiracy, racial tension, and the "red scare" Communist witch hunts of the time. Guarnido reinvents anthropomorphism in these pages, and industry colleagues no less than Will Eisner, Jim Steranko, and Tim Sale are fans!

Whether John Blacksad is falling for dangerous women or getting beaten to within an inch of his life, his stories are, simply put, unforgettable.

- **Dark Horse is very proud to present the first three *Blacksad* stories in a beautiful hardcover collection, completely relettered to the artist's specifications and with the latest album, *Red Soul*, in English for the very first time.**
- **This internationally acclaimed series has won nearly a dozen prestigious awards—including the Angoulême Comics Festival prizes for Best Series and Best Artwork—and is a three-time Eisner Award nominee.**
- ***Blacksad* took Europe by storm in 2000 and sold over 200,000 copies in France alone.**

ALICE'S ADVENTURES IN WONDERLAND:

THE POP WONDERLAND SERIES

Michiyo Hayano (W) and POP (A)

On sale Mar 24	FC, 40 pages
$16.99	HC, 10[illegible] x 8[illegible]

Lewis Carroll's universally known story of a little girl who falls down a rabbit hole into a magical wonderland is given a new spin in this lushly illustrated version of the classic tale.

Alice was sitting in a field reading when a white rabbit scampered by. She didn't know what was odder: that the rabbit was running on its hind legs, wearing a jacket, and carrying a pocket watch, or that it was talking, shouting, "I'm late! I'm late!" From the moment she decided to follow the rabbit into his rabbit hole, Alice was transported to a fantastical place called Wonderland, where anything was possible. All of the familiar characters are here: the Hatter, the March Hare, the Cheshire Cat, the Caterpillar, and the wicked Queen of Hearts.

» **A new line of children's storybooks, the POP Wonderland series is rendered in a friendly pastel palette, with engaging art that brings familiar fairy tales to life in a brand-new way.**

» **Parents know their children love anime and manga, and the art style in these books will connect with moms and dads looking to get their child a book drawn in a modern style, yet telling a story they can identify with from their own childhoods.**

Buffy Season Eight Volume 6 showcases the first retreat of the Slayer legion. Vampires have solid footing at the top of the totem and Slayers have been crushed to the bottom—in short, no one likes Buffy anymore . . . least of all this season's mysterious Big Bad, Twilight, who is hot on her magical trail!

Now that it's the world against Slayers, Buffy must find a way to return the status quo to . . . status quo—and keep her girls alive long enough to do it! Enter Oz, the only person/werewolf Buffy knows who is down with the suppression of magic, and can take the Slayer army off of Twilight's magic-specific radar.

With Oz's assistance, the Slayers and Wiccans try to become "normal" through meditation and hard labor—although, not everyone sees the advantage of being magicless, namely, Willow, Giles, and Andrew. And they could be right. After all, is a peaceful life for a Slayer even possible?

VOLUME 10

Hiroya Oku (W/A)

On sale Mar 31	b&w, 224 pages
$12.99	TPB, 5[illegible] x 7[illegible]

Plots are starting to twist in the *Gantz* storyline! Has Kato disappeared forever? Who is this cute girl Kei's falling in love with? Does someone on the Internet know the secret of Gantz? And who is this huge fighter roaming the streets of Japan looking for the greatest fighting challenge? Well, the challenge he's looking for might come from the least likely of physical specimens.

So far, the story of *Gantz* knows few bounds when it comes to plot twists and a constantly changing cast. When it's kill or be killed against a universe full of odd and resilient aliens, a lot of characters get killed off quickly. So far the most constant, and consistently evolving, character is Kei, a classic antihero. The question begins to set in . . . if Kei succeeds in fulfilling his contract with Gantz, will he be willing to give up these superhuman powers he's begun to take for granted?

- **» *Gantz* has proven to be one of the most popular adult anime in recent years, with over 190,000 copies sold in the U.S. alone!**

MYSPACE DARK HORSE PRESENTS #28

Darick Robertson (W/A), Scott Allie (W), Sergio Aragonés (W/A), Mark Evanier (W), Jeff Parker (W), Guy Davis (A), and Ben Dewey (A)

Dark Horse celebrates the month of November with a Thanksgiving tradition: excess! In that spirit, this epic installment of *MySpace Dark Horse Presents* is packed with all the excess we can muster.

First up, Conan, who can always be counted on to go heavy on wine, women, and song (and bloodshed). Darick Robertson (*The Boys*, *Transmetropolitan*) brings on the barbarism in part 1 of the two-part "Conan and the Mad King of Gaul," a teaser for his upcoming One-Shot Wonder, *Conan: The Weight of the Crown*.

Solomon Kane may not be from Plymouth, but the conclusion of the Puritan warrior's new tale by Scott Allie (*Exurbia*) and Guy Davis (*The Marquis*) is a feast of new monster designs, while a new Groo story by Sergio Aragonés and Mark Evanier (*Groo: The Hogs of Horder*) delivers more laughs than have any right to fit in two pages. Finally, Jeff Parker (*Agents of Atlas*) serves up dessert with a story drawn by newbie Ben Dewey. Join Dark Horse in giving thanks for this cornucopia of comics riches at myspace.com/darkhorsepresents!

MySpace Dark Horse Presents is a free online anthology that provides fresh content the first Wednesday of every month, with stories archived so that it's never too late to join in and catch up.

GRANT MORRISION'S NEW EPIC BEGINS IN A $1.00 ISSUE!

JOE THE BARBARIAN #1

Written by Grant Morrison
Art by Sean Murphy
Cover by Sean Murphy

Having an overactive imagination can get a kid through a lot, but it doesn't change the facts: Joe's still the kid in school that can't fit in. He's the victim of bullies. His dad died overseas in the Iraq war. And then there's the Type 1 diabetes he has to live with.

So is it insulin-deprived delirium or something much, much bigger that transports Joe to a land inhabited by all his toys – from ninja commandos to action robots to magical knights to star fleet captains? Is Joe really the savior of this wild fantasyland that's been held under siege by dark magic and evil forces? With the help of a samurai rodent, is he ready to take back besieged castles and win the freedom of an oppressed people? Or is he just an over imaginative boy who could die if he doesn't take his meds?

White-hot writer Grant Morrison follows up his phenomenal BATMAN AND ROBIN with an epic adventure that's *Home Alone* by way of *Lord of the Rings* accompanied with to-die-for art by future superstar Sean Murphy (YEAR ONE: BATMAN/SCARECROW, HELLBLAZER).

GREEN LANTERN

GREEN LANTERN: LEGACIES MULTI-PART STATUE: PART 3: JOHN STEWART AND GUY GARDNER

SCULPTED BY MIKE LOCASCIO

This multi-part statue is a must-have for Green Lantern fans! Green Lanterns from different eras appear together on a Lantern-shaped base, along with their predecessors, the Manhunters, as well as the Guardians of the Universe.

The statue is made up of four separate pieces (sold in three parts), which form a single statue.

Solicited this month is Part 3 of the multi-part statue, featuring John Stewart and Guy Gardner, two fan-favorite Green Lanterns who stood in for Hal Jordan before becoming members of the Corps in their own rights. This part of the statue follows Part 1, featuring Hal Jordan and both classic and modern versions of the Guardians of the Universe, and Part 2, featuring Kyle Rayner and an original Manhunter robot.

The bases of each piece slide together to form a Lantern-shaped base, on which all of the characters stand. Each of the three parts includes a piece of the fourth portion of the statue, which can be easily assembled to form Alan Scott, who rises up from the center of the piece. All three parts of the statue are needed to make Alan Scott.

Part 3 of this statue measures approximately 10" high x 10.5" wide x 5.5" deep, while the entire multi-part statue measures approximately 16" high x 10.5" wide x 11.75" deep when fully assembled.

The GREEN LANTERN: LEGACIES MULTI-PART STATUE is limited-edition, hand-painted, cold-cast in porcelain, includes a 4-color Certificate of Authenticity and is packaged in a 4-color box. Manufactured to order.

Peppered with social commentary and dark humor, Strange Girl is a story about the bewildering nature of religion, what would happen if the dark future predicted by many came true, and what a good person would endure for not having faith in advance of it.

A bare-knuckle, action-driven series from some of today's hottest new talents including **RICK REMENDER** *(Punisher, Fear Agent)*, **ERIC NGUYEN** *(Halo, Sandman)*, **JEROME OPEÑA** *(Punisher, Moon Knight)* and **NICK STAKAL** *(Criminal Macabre)*

"STRANGE GIRL is exactly that. Strange, plus she's a girl. But it's so much more. Redemption, demons, magic spells, hopelessness, friendship and belly-shirts. Rick Remender takes a loving, nostalgic look at the coming apocalypse."

Oni Press

Everyone finds a place to call home in the a different way, and while sometimes it can be found right around the corner, others must travel hundreds of miles to find that special spot that makes us feel like we're in the right place.

Megan has a terrible case of wanderlust, and the only way to cure it will be a journey across America to learn her own life lessons. Told in twelve short story chapters, Megan travels from place to place, experiencing the excitement — as well as the disappointments — of going it all on your own. Stalkers, armed hold-ups and messy love triangles, Megan journeys all over the country to find interesting places and finds even more interesting people.

Brian Wood, the writer of *DMZ* and *Demo*, has created another anthology series that can take the simplest, most mundane events in our lives and remind readers that they can sometimes effect our lives most of all. Best of all, the stories of **Local** are collected in what can only be described as one of the most beautiful cloth-bound hardcovers ever seen in comics.

Fantagraphics Books

I can say without fear of sounding hyperbolic that Jason is the most influential Norwegian comics artist working today. Why, you ask? Well, there aren't a lot of Norwegian comic artists out there, but their numbers are growing, and here's your chance to find out! Fantagraphics' new omnibus, **Almost Silent**, collects four fantastic Jason stories in one handy volume. Talk about convenient! (Seriously, talk about convenient. When you're done talking, I'll be here.)

Back? Great! This collection focuses on Jason's pantomime-style of simple, elegant, and wordless stories featuring the artist's quirky cast of anthropomorphic actors. It's graphic storytelling at its best; from the heart, at times disturbing, often hilarious and genuinely moving.

If you're already a fan, here's a great opportunity to expand your collection. If you just want to see what all of the talk is about, then expand your graphic horizons and take a trip down to your local comic shop and tell them to get you a copy of Fantagraphics' **Almost Silent**. You won't be sorry!

About: 1816 was called "The Year Without A Summer." In the weird darkness of that July's volcanic winter, Mary Wolfestonecraft Godwin began writing Frankenstein on the shore of Lake Geneva in Switzerland. But that is not where Frankenstein began. It began a few months earlier when, en route through Germany to Switzerland, Mary, her future husband Percy Shelley, and her stepsister Clair Clairmont approached a strange castle. Mary never spoke of having entered the real Castle Frankenstein, stark on its hilltop south of Darmstadt. But she did, and she was never the same again. Something was haunting that tower, and Mary met it there. Fear, death, and alchemy —the modern age is created here, in lost moments in a ruined castle on a day never recorded.

About: Warren Ellis' eight-issue opus of masked hero revolution, Black Summer, perfectly complimented by the stunning and explosive art of the genius Juan Jose Ryp, is nothing less than a sequential masterpiece! The world goes black in this epic story of super-powered heroes and villains. The story begins when the political situation in the United States becomes more than Horus can stand, and he moves to take matters into his own hands. Unfortunately, not all of his team-mates are quite so eager to throw the world into chaos, and an epic conflict ensues. With Horus and the rest of the surviving Guns facing off against the military and each other, no one is safe as the bodies start to fall.

ULTIMO VOLUME 1

Viz Media

When it comes to the giants in the comic book industry, there is no name bigger than Stan Lee. Having shaped much of the Marvel Universe during its infancy, his creativity and charismatic style over the years have made him an icon to millions of comic fans everywhere. When you see Stan in person or online, images of *Spider-Man* and the *Fantastic Four* spring to mind along with his genuine and infectious smile and catch-phrases.

Hiroyuki Takei is a name that manga fans instantly know and recognize as an innovator among the multitude of Japanese masters in the field. Most well known for the long running series *Shaman King*, the story of Yoh Asakura and his journey to become the Shaman King of the Shaman Tournament, Hiroyuki has developed a media empire around the property that includes 32-graphic novels, a TV series, and video games based on the property.

Needless to say, when I heard that Viz had teamed up these two powerhouses to tell the story of a scientist that creates ultimate good and evil beings in an attempt to determine which aspect is stronger, I was hooked! Stan has always been particularly good at creating compelling conflict between characters and this story has the perfect set-up to allow Hiroyuki to deliver an action-packed blockbuster. Volume 1 of **Ultimo** introduces us to the two mechanical boys, "Ultimo" and "Vice", and marks the beginning of a fantastic collaboration between two sequential storytelling masters. Reserve your copy now, True Believer, and "make mine **Ultimo**!"

KAZU KIBUISHI'S COPPER GN

Graphix

There are very few creators who I can say have never failed to give comic readers and fans their full effort. From the first time I read Kazu Kibuishi's *Daisy Kutter* series, to his *Flight* anthologies, and most recently his *Amulet* graphic novel series, Kibuishi has produced projects that are some of the best this industry has offered in recent years.

Now Scholastic Books, under their Graphix imprint, has collected Kazu's webcomic **Copper** in both softcover and hardcover editions. Here you get to meet Copper, and his best friend Fred the dog, as they share adventures ranging anywhere from *Little Nemo*-styled dreams to some exploits that would give even *Indiana Jones* second thoughts!

This is one case where "all-ages" doesn't mean "for kid's only", as anyone can and will enjoy reading **Copper** from Graphix! This is definitely not *Timmy and Lassie*!

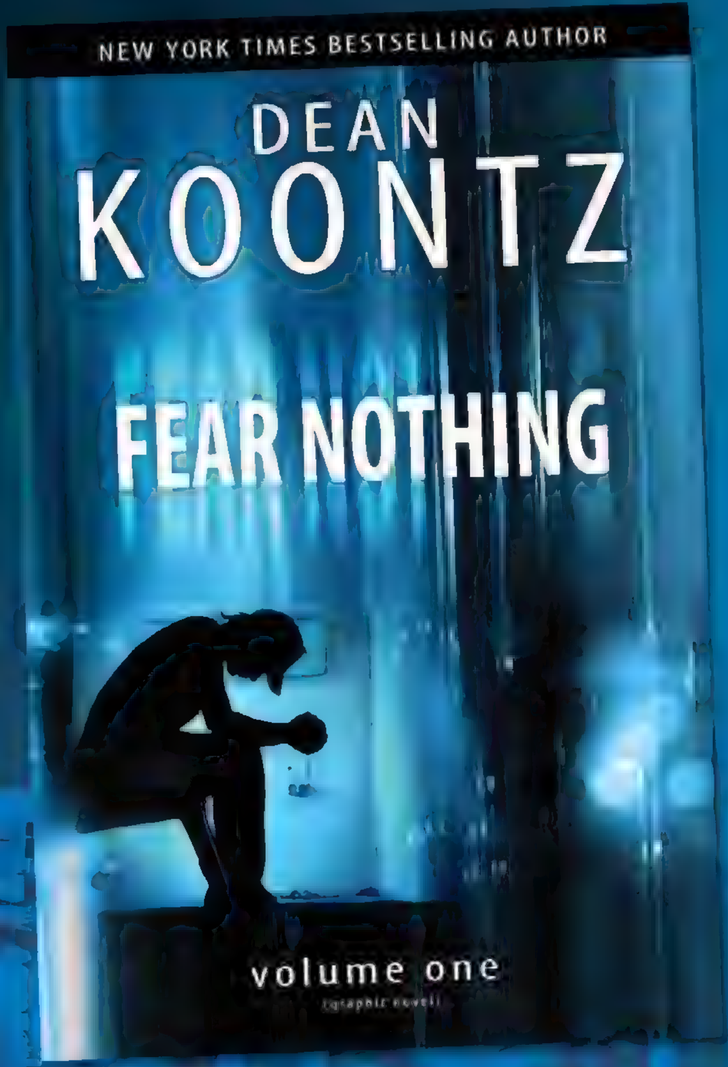
DEAN KOONTZ' FEAR NOTHING VOL. 1

An original graphic novel adapting the hit book!



DEAN KOONTZ' FEAR NOTHING VOL. 1

Christopher Snow is different from all those who live in Moonlight Bay, California, different from anyone you've ever met. For Christopher Snow was born with a rare genetic disorder he shares with only one thousand other Americans, a disorder that leaves him extremely vulnerable to the light; a light-sensitivity so severe that he cannot leave his house in daylight, cannot enter a normally lit room, and cannot sit at a computer. His life is filled with the fascinating rituals of one who must embrace the darkness. Only at night is he truly free. And on one such night Christopher witnesses a murder — a murder only he can solve.

For Christopher Snow and all the inhabitants of Moonlight Bay, terrible change is on its way; a change of potentially catastrophic proportions. But as one forced to live in the shadows, Christopher Snow knows the night world better than the dark adversaries that stalk his quiet town. And along with his exceptional dog, Orson, and his friends, Snow will challenge those who try to take away the only home he knows. When you live in the darkness of Moonlight Bay as Christopher Snow does, and you are desperately trying to save the day, you learn to FEAR NOTHING!

Written by Yura Tamaki
Illustrated by Taishi Zaou

High school freshman Shotaro Izumi has a problem. That problem is his childhood best friend, Makoto Natsuki. Natsuki lives the life of a prince. Ever since elementary school, his perfect looks and sweet disposition have won the hearts of everyone around him and attracted a gaggle of fans. But Natsuki's burst into fame has plunged Izumi into hell. Five years ago Izumi's offhanded criticism of his friend earned him the hatred of all the girls (and boys) in school, and it's only gotten worse since. His friendship with Natsuki was destroyed over the incident, and the ostracism has seriously warped his personality. The more Natsuki becomes a star, the more Izumi becomes a bitter social outcast.

So when Natsuki asks Izumi one day what he can do to make up for everything, Izumi flippantly says "Go out with me" just to get a rise out of him. But to his shock, Natsuki takes him up on the offer—and seems to take it very seriously...

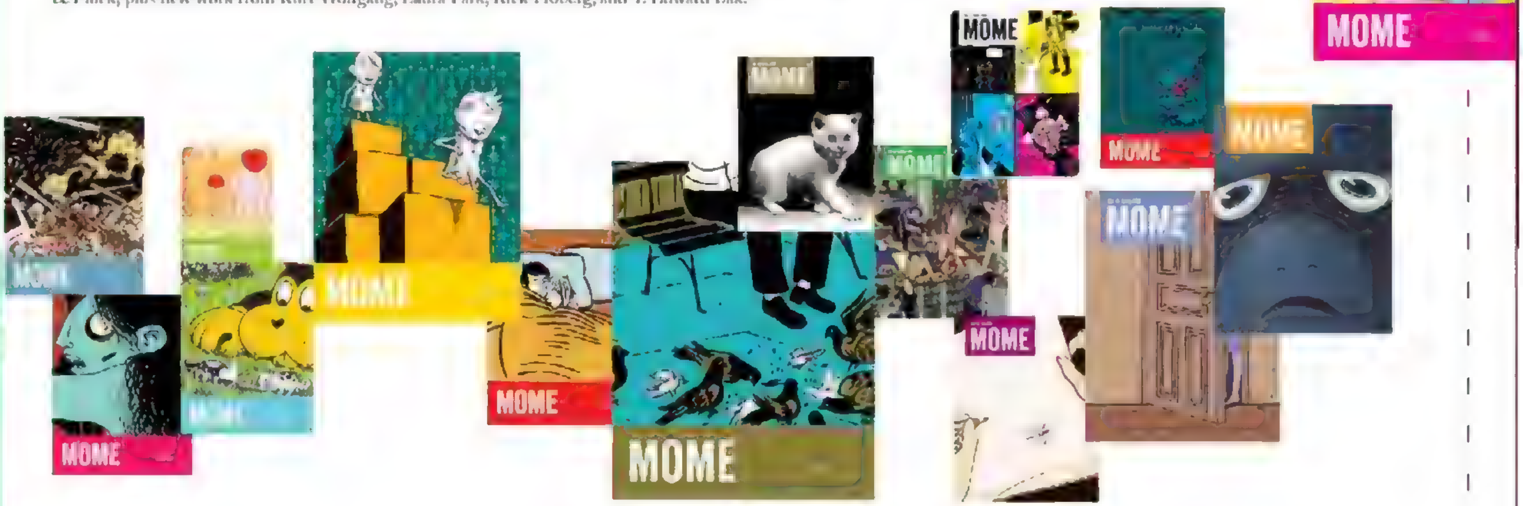
MOME WINTER 2010 [VOL. 17]
by various; ed. by G. Groth & Eric Reynolds
120 pgs | Full Color | 7 x 9
$14.99 Softcover
ISBN 978-1-60699-302-6

The acclaimed anthology continues with the concluding chapter of Paul Hornschemeier's third graphic novel "Life with Mr. Dangerous," which has been running in *MOME* since the first issue! Meanwhile, *Bottomless Belly Button* scribe Dash Shaw and *MOME* regular Tom Kaczynski collaborate on a mind-bending science-fiction story, "Resolution," where "reality" exists as a virtual world and people live thru their avatars. Olivier Schrauwen delivers the surrealistic gem "Chromo Congo"; Derek Van Gieson offers a horrific WWII story, "Devil Doll"; Renee French's "Almost Sound" returns, as does Ted Stearn's "The Moolah Tree" starring Fuzz & Pluck; plus new work from Kurt Wolfgang, Laura Park, Rick Froberg, and T. Edward Bak.



MOME is a quarterly anthology showcasing the best new talent of this decade's rising cartoon generation. *MOME* was conceived as a contemporary literary journal, though one that tells its stories via the medium of comics, rather than prose. Go to *MOME* for the standard in comics sophistication.

ALMOST SILENT

by Jason
292 pgs, B&W, 6.25 x 8.5
$24.99 Hardcover
ISBN 978-1-60699-315-6

Almost Silent collects four original Jason graphic novels – three of them out of print for several years – into one compact and classy hardcover omnibus. "You Can't Get There From Here," the longest story of the book, tells the tale of a love triangle involving FRANKENSTEIN, Frankenstein's Monster, and The Monster's Bride! "Tell Me Something" is a brisk, near-totally-silent graphic novelette about love lost and found again, told with a tricky and tactful mixture of forward and back-flashing narrative. "Meow, Baby" is a collection of Jason's smart short stories and gut bustin' gags. "The Living and the Dead" is a hilariously deadpan and gory take on the traditional Romero-style ZOMBIE thriller. *Almost Silent* is a perfect starting point for a new reader as well as a handsome and handy, inexpensive collection for the committed Jason fan.

UNLOVABLE VOL 2

by Esther Pearl Watson
408 pgs, Two Color, 5.75 x 5.75
$22.99 Hardcover
ISBN 978-1-60699-314-9

Loosely based on a teenager's diary from the 1980s found in a gas station bathroom, *Unlovable* is the remarkable story of Tammy Pierce, as filtered through the pen of Los Angeles super-artist Esther Pearl Watson. This second and concluding volume picks up where the first volume left off and finishes Tammy's tragicomic sophomore year of high school in 1985. This beautifully produced, dayglo-orange and sparkly pink hardcover presents over 400 pages of her sometimes ordinary, sometimes humiliating, often poignant and always hilarious exploits. *Unlovable* is about the rawness of trying to figure out who you are in a very public and humiliating way. *Unlovable* addresses these mysteries of adolescence through Tammy's naiveté; girls and women in particular will find much that resonates, but men will also relate to *Unlovable*'s universal humor and wide cast of characters.

SWORDSMITH ASSASSIN

SWORDSMITH ASSASSIN TP

BOOM! Studios

Andrew Cosby and Michael Alan Nelson bring us a new take on the samurai genre. Master sword maker Toshiro Ono possessed all the forging skills of his father, but lacked his integrity. His desire for wealth drove him to sell his masterwork blades to anyone who could pay, regardless of their adherence to the code of Bushido. When one such man uses one of Ono's swords to murder his family, he is set on a new and violent path, but interestingly enough, not a path of revenge... but one of redemption.

Ono seeks to reclaim every blade he ever forged and discard them forever. He will spend his entire fortune on this quest; but what is he to do when the owners are not interested in selling them back? Master sword maker he may be, but he's never actually held a blade in a fight before! Ono's curious mission to reclaim his honor and banish the ghosts of his father, wife and child will take him on a quest across Japan; from the feet of a master samurai to the court of the Shogun, and even to distant Europe itself.

What price will Toshiro Ono finally have to pay to redeem his honor? Find out in the collected **Swordsmith Assassin** trade paperback, offered this month from BOOM!

KAZU KIBUISHI'S COPPER GN

Graphix

There are very few creators who I can say have never failed to give comic readers and fans their full effort. From the first time I read Kazu Kibuishi's *Daisy Kutter* series, to his *Flight* anthologies, and most recently his *Amulet* graphic novel series, Kibuishi has produced projects that are some of the best this industry has offered in recent years.

Now Scholastic Books, under their Graphix imprint, has collected Kazu's webcomic **Copper** in both softcover and hardcover editions. Here you get to meet Copper, and his best friend Fred the dog, as they share adventures ranging anywhere from *Little Nemo*-styled dreams to some exploits that would give even *Indiana Jones* second thoughts!

This is one case where "all-ages" doesn't mean "for kid's only", as anyone can and will enjoy reading **Copper** from Graphix! This is definitely not *Timmy and Lassie*!

Thief, gambler, liar and cheat, Aladdin's reckless soul falls under the eye of the sorcerer Maugrah, who has spent his life scouring the sands for the Dreaming Jewel. This lost relic of shattering power will enable Maugrah to steal the magic of the Djinn of the Lamp and reshape the world in his own malicious design. But to do so, he requires a mystical ability carried within Aladdin's blood...power that not even Aladdin himself knows about. THE ENCHANTED

Violently ripped from the pages of folklore emerge the Enchanted, supernatural immortals living in a dark, steampunk, creature-infested world where nature, technology and foul magic are in constant conflict. When the twisted, burnt remains of the half-wooden, half-mechanical warrior, Pinocchio, are discovered, wolf-hunter Red Hood and giant-killer Jack realize the fragile rules of their existence have been shattered. With the help of the other Enchanted (the mercenary Goldilocks and psychic exterminators Hansel and Gretel), Jack and Red team up on an adventure to stop whatever, or whoever, is destroying their powers and murdering their kind.

The last time Radical debuted their $1 books they quickly sold out and had to go to a second printing. Don't miss out again on this limited, **one-time-only event!**

THE SURROGATES COLLECTIONS

(W) Robert Venditti (A) Brett Weldele

You've seen the movie starring Bruce Willis; now read the graphic novel that inspired it Life in the year 2054 has been reduced to a data feed. The fusing of virtual reality and cybernetics allow citizens to employ android substitutes that let them interact with the world without ever leaving their homes. It's a perfect world, and it's up to Detectives Harvey Greer and Pete Ford of the Metro Police Department to keep it that way. But to do so they'll need to stop a techno-terrorist bent on returning society to a time when people lived their lives instead of merely experiencing them.

FAR ARDEN HC

(W/A) Kevin Cannon

Army Shanks, crusty old sea dog, has one mission: to find the mythical island paradise known as Far Arden, which lies hidden in the wintry oceans of the far North. He'll have to contend with circus performers, adorable orphans, heinous villains, bitter ex-lovers, well-meaning undergraduates, and the full might of the Royan Canadian Arctic Navy! Thrilling, eccentric, lusty, genuinely moving, and often hilarious, this may be the best adventure comic you'll read all year. (FEB098560)

BY PIERRE COMTOIS

MARVEL COMICS IN THE 1960S SC
(W) Pierre Comtois
The comic book industry experienced an unexpected flowering in the early 1960s. This book presents a step-by-step look at how Marvel Comics emerged as one of the most dynamic, slightly irreverent, and downright original contributions to an era when pop-culture emerged as the dominant force in the artistic life of America. *Marvel Comics in the 1960s* takes the reader from the legendary company's beginnings as helmed by savvy editor/writer Stan Lee, to the full maturity of its wild, colorful, offbeat grandiosity.

MISTER AMPERDUKE GN

Clamnut Comix

There's something about a narrative built without words that makes the reading experience more visceral. Maybe it's because we feel less "dragged around the page by speech balloons," as Bob Byrne observes, or maybe it's because pictures speak to us in a way that's less limited by language. In either case, the wordless graphic novel **Mister Amperduke** is much more engrossing than any Lego-based epic has a right to be.

Title character, Sherman Amperduke, is a grandfatherly figure who cultivates a miniature city in his basement. The denizens of this Lego metropolis live tiny, mild-mannered lives, cared for by their host, until a vicious nechradon cuts a swath of destruction through the streets, leaving many residents maimed and dead. Inaccessible to their caretaker and poorly suited for combat, the citizens of Amperville work desperately to slow what seems like an unstoppable massacre.

Bob Byrne's **Mister Amperduke** uses its 2000+ panels and oddball premise to develop a tale that's surprisingly affecting not to mention bloody and brutal. Touching on themes of community, perspective, grief and heroism, Byrne takes what he admits is a "weird story" and turns it into an interesting, well-paced read — all without forming a single sentence.

THE KIDS OF WIDNEY HIGH

THE KIDS OF WIDNEY HIGH

Atomic Basement Entertainment

Jim Mahfood taught me how to love again. Well, not really... but I can tell you he's a damn fine artist and I'll pick up any book graced with his trademark artwork in a heartbeat!

And so it was that a Mahfood cover drew my attention to **The Kids of Widney High**, a one-shot comic chronicling the surreal adventures of these real-life, talented musicians from Los Angeles. If you're not aware of the KOWH, they're graduates from a special education high school in Los Angeles bound into a cult music experience by shared life experiences and a love for songwriting. Their fans include such notable music icons as Smokey Robinson, Jackson Browne, Marilyn Manson, and The Beastie Boy's Ad-Rock.

Like all rock-and-roll comics, **The Kids of Widney High** is escapist fantasy at its best, shifting gears from larger-than-life action with super-cops and winged heroes to poignant tales of relationships, from lyrics that challenge stereotypes and discrimination, to mad scientists out to rob the world of sound. As contributor and Widney High alum Tony Whitfield says, this comic is "the music that will rock your eyes!"

JESPER EJSING

JARVIS™

A novel of mystery, magic, and unlikely heroism

"He stroked the corners of his mouth with his thumb and forefinger, as if he actually tasted the words before he let them pass between his lips. "Each of you already carries the strength [of magic] within you. Some of you have a great deal of it, some of you less but your strength is the reason why you have been chosen to come here and learn."

Jarvis: The Sorcerer's Apprentice, the exciting young adult novel by accomplished artist and author Jesper Ejsing, tells the gripping story of an orphan goat herder who, while realizing his remarkable potential, unravels a dark and perilous web of mystery. When Harnigel, a powerful sorcerer, chooses Jarvis for magical training, the boy can hardly believe his luck! But his story is soon to take a dark turn. Why are there so many apprentices in Harnigel's keep? Who was the keep's mistress, and why did she disappear? And what is behind the dangerous test Harnigel is preparing for his most capable apprentices?

NIGHT OF THE LIVING KEV INACTION FIGURE
MONROEVILLE ZOMBIES HOODIE
MONROEVILLE ZOMBIES T-SHIRT

Never one to pass up an opportunity for blatant pandering, Kevin Smith and Graphitti Designs are proud to present their new *Night of the Living Kev InAction Figure.* Continuing the tradition of producing figures that lack any articulation or motion whatsoever, we immortalize in fine injected plastic, the man who made "inaction" a lifestyle choice. Based on designs by animator Stephen Silver, sculptor Jon Matthews brings to life (or brings back to life in this case), this colorful, zombiefied rendition of Kevin. Measuring nearly 5" in height, this figure features zero articulation, zero accessories and zero signs of life!!

While in the zombie mood, check out the *Monroeville Zombies shirt* and *hoodie* as worn by Seth Rogan in *Kevin's Zack & Miri Make a Porno.* You can never go wrong when you hang with the undead!!

AVENGERS REBORN THOR®

MARVEL COMICS PRESENTS THE KOTOBUKIYA COLLECTION FINE ART STATUE

*A **KOTOBUKIYA** Japanese import!* In 1962 comic book mastermind Stan Lee set out to create a new superhero, one who was incredibly powerful. He found such a character in Norse mythology, the god of thunder **THOR**. A true champion of good, Thor has fought beside many other Marvel Comics superheroes throughout the years, including several incarnations of the Avengers. The thunder god is the first in the all-new Avengers Reborn series, and will be joined by both Captain America and Iron Man!

The mighty Norse god has never before appeared so powerful and dominating, bringing to life the current version of Thor as imagined by popular writer J. Michael Stracyzinski. Thor stands in the midst of battle, swinging the hammer Mjollnir against the foes of Asgard. No detail has been overlooked on the god's intricate armor, with incredible detailing there and on his billowing cloak. The resplendent colors of Thor's outfit shine, with the red and blue offset by the gleaming silver of his armor. The hero's intense expression and dynamic pose clearly shows his power and battle prowess!

Sculpted by Shinya Akao, Thor towers over his enemies at approximately 12 inches tall (1/6th scale). The mighty Avenger stands upon a deluxe motif base of rocky stone adorned with the god's symbol. This base not only looks great on its own, but it will also match those on the other Avengers Reborn Fine Art Statues! Thor is constructed of high-quality cold cast porcelain and is a limited, numbered edition.

IRON MAN

A **KOTOBUKIYA** *Japanese import!* With the recent release of the first Iron Man film on DVD and Blu-ray and excitement building for the sequel coming next year, Kotobukiya is ready to satisfy your need for the "Armored Avenger" with the next in its series of Marvel Studios Fine Art Busts, the **IRON MAN MARK II**. After Tony Stark escaped his imprisonment at the hands of terrorists, he set about refining his rudimentary powered armor designs. His first creation was the powerful silver Iron Man Mark II suit, a pre-cursor to the red and gold Mark III.

Iron Man is posed to do battle, with his right arm outstretched and Repulsor Ray at the ready. The gleaming metal armored suit is recreated with painstaking attention to detail, covered in individual plates, rivets, and screws. The Mark II suit's overall silver is broken up only by the bright blue of its eye holes, Repulsor generators, and chest plate. Best of all, Iron Man's right palm Repulsor Ray is illuminated via an LED light! This is the definitive bust version of the Mark II armor from the blockbuster Iron Man film!

The Iron Man Mark II stands approximately 9" tall (in 1/6 scale with all of the other Marvel Studios Fine Art Busts) and rests atop a deluxe base with light up "Iron Man" logo movie marquee! A limited edition, the Mark II is individually numbered on an engraved metal plate.

KAHO SCHOOL UNIFORM VER. ANI*STATUE

Sister Princess

A **KOTOBUKIYA** *Japanese import!* Sister Princess is a long-running bishoujo series consisting of light novels, manga, video games, and anime. One of the most popular characters from that series is now the first in Kotobukiya's new series of bishoujo figures that celebrate the classic character types in Japanese manga and anime, the "Legend Girls." **KAHO** is the definition of the "imouto-kei" or sister type, an archetype seen in many Japanese stories. Clumsy and cheerful, the pretty cheerleader is known for addressing her brother as "Onii-chama." Originally released as a garage kit in 2003, the legendary character is back and better than ever with coloring true to the anime series.

Kaho wears her brightly colored school uniform, standing poised on the toes of her right foot. Blown by soft wind, the pretty girl's patterned skirt and brown silky hair flow naturally. The checkered skirt was the biggest hassle for painters of the garage kit, but no more! The detail work on Kaho is excellent, from her pretty face down to the laces on her tennis shoes and the intricate paint work on her skirt. "Moe" lovers will especially appreciate the space between her body and school uniform. Standing 7 inches tall (in 1/7th scale), Kaho was sculpted by Hide and is constructed of high-quality pvc plastic.

GRANZON & FAIRYLION TYPE-G FINE SCALE MODEL KITS

Super Robot Taisen Original Generation

A **KOTOBUKIYA** *Japanese import!* With snap-fit assembly (no glue required) and pictorial instructions, readying your Super Robot Taisen unit for combat has never been easier! Composed of hundreds of pieces cast in different colors that eliminate the need for painting, each robot has extreme articulation. Equipped with a multitude of accessories and weapons, the Super Robot Taisen robots are infinitely customizable!

At the request of crown princess Shine Hausen, the Tesla Leicht Institute set out to build two mecha created for ceremonial purposes. Following the release of the Type-S version is the alternate **FAIRYLION TYPE-G** mecha. Differentiated by a distinct paint scheme, the Type G is just as tough and battle ready as its counterpart with a miniaturized Tesla Drive, missile jamming system, and energy field, as well as a unique MMI (Man-Machine-Interface) system! The robot stands 5 inches tall (1/144 scale), and features approximately 20 points of articulation. The Fairylion bristles with weaponry including four Roll Cannons, Tesla Drive, Sonic Cutter and the mighty Assault Blade! You can position the Type-G according to your tastes with the included flying display stand, and with the Fairylion Type-S you can even recreate the Royal Heartbreaker Formation!

Appearing in many Super Robot Taisen games as both an enemy and playable mecha, the mighty **GRANZON** always makes a big impression. Designed by Shu Shirakawa of the Divine Crusaders, the powerful robot runs on an antimatter annihilation engine and wields immensely destructive weapon systems. Burly and covered in bladed armor plates, the Granzon and its Black Hole Cluster are often the last things its enemies ever see. Standing over 6 1/4 inches tall, the mighty robot is so big it's scaled down to be balanced against the equally massive Cybaster. The Granzon comes equipped with two swords, and best of all its chest panels swing open to recreate the Black Hole Cluster!

When it comes to the giants in the comic book industry, there is no name bigger than Stan Lee. Having shaped much of the Marvel Universe during its infancy, his creativity and charismatic style over the years have made him an icon to millions of comic fans everywhere. When you see Stan in person or online, images of *Spider-Man* and the *Fantastic Four* spring to mind along with his genuine and infectious smile [illegible]

Hiroyuki Takei [illegible] name that manga fans instantly know and recognize as an innovator among the multitude of Japanese masters in the field. Most well known for the long running series *Shaman King*, the story of Yoh Asakura and his journey to become the Shaman King of the Shaman Tournament, Hiroyuki has developed a media empire around the property that includes 32-graphic novels, a TV series, and video games based on the property.

Needless to say, when I heard that Viz had teamed up these two powerhouses to tell the story of a scientist that creates ultimate good and evil beings in an attempt to determine which aspect is stronger, I was hooked! Stan has always been particularly good at creating compelling conflict between characters and this story has the perfect set-up to allow Hiroyuki to [illegible] boys, "Ultimo" and "Vice", and marks the beginning of a fantastic collaboration between two sequential storytelling masters. MISTER AMPERDUKE GN
CLAMNUT COMIX

There's something about a narrative built without words that makes the reading experience more visceral. Maybe it's because we feel less "dragged around the page by speech balloons," as Bob Byrne observes, or maybe it's because pictures speak to us in a way that's less limited by language. In either case, the wordless graphic novel **Mister Amperduke** is much more engrossing [illegible] to be.

Title character, Sherman Amperduke, is a grandfatherly figure who cultivates a miniature city in his basement. The denizens of this Lego metropolis live tiny, mild mannered lives, cared for by their host, until a vicious nechradon cuts a swath of destruction through the streets, leaving many residents maimed and dead. Inaccessible to their caretaker and poorly suited for combat, the citizens of Amperville work desperately to slow what seems like an unstoppable massacre.

Bob Byrne's **Mister Amperduke** uses its 2000+ panels and oddball premise to develop a tale that's surprisingly affecting not to mention bloody and brutal. Touching on themes of community, perspective, grief and heroism, Byrne takes what he admits is a "weird story" and turns it into an interesting, well-paced read — all without forming a single sentence.

Everyone finds a place to call home in the a different way, and while sometimes it can be found right around the corner, others must travel hundreds of miles to find that special spot that makes us feel like we're in the right place.

Megan has a terrible case of wanderlust, and the only way to cure it will be a journey across America to learn her own life lessons. Told in twelve short story chapters, Megan travels from place to place, experiencing the excitement — as well as the disappointments — of going it all on your own. Stalkers, armed hold-ups and messy love triangles, Megan journeys all over the country to find interesting places and finds even more interesting people.

Brian Wood, the writer of *DMZ* and *Demo*, has created another anthology series that can take the simplest, most mundane events in our lives and remind readers that they can sometimes effect our lives most of all. Best of all, the stories of **Local** are collected in what can only be described as one of the most beautiful cloth-bound hardcovers ever seen in comics.

GUESS WHO'S COMING TO (THANKSGIVING) DINNER?

Celebrated in the United States, Canada, and anywhere people wish to give thanks for their blessings over a tasty meal with family and friends, Thanksgiving is a time to indeed count your blessings, gather your loved ones (related and otherwise) around you, and chow down like its goin' outta style!

But like any holiday celebrated on an annual basis, your guest-list rarely changes… it just gets older and more and more familiar. We're not knocking the whole hearth, home and family thing, not by a long-shot. But it would be nice to occasionally shake up the guest-list and add a little variety to your Thanksgiving table (besides serving real cranberries instead of the vastly superior "shaped-like-the-can-it-was-packed-in" jellied Cranberry sauce).

To that end, we asked some staffers and creators to name their dream guest-lists — five people from any era, dimension, or reality — and why they're on the list.

Marty Grosser's
Dinner Guests

Jess Morgan: *Brand Manager/Wealthy Playboy*

A dinner for 5 takes careful planning, not just in meal selection, but also in guest choice. That said, here's five heads I'd like to chew the fat with over Thanksgiving dinner...

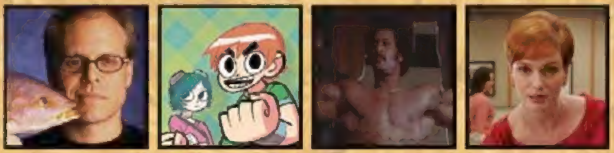
1) **Alton Brown** (Chef, Author): He taught me more about properly deep-frying a turkey than my own father. Plus I could ask him about his bogus current haircut and probably get schooled in the kitchen.

2) **Brock Samson** (Bodyguard, Secret Agent): We could totally blast Zeppelin, and he could teach me to kill a man using my bare hands and the cranberry sauce.

3) **Scott Pilgrim** (Canadian Slacker): Hee hee... "Pilgrim" at Thanksgiving...

4) **Big Jim Slade** (Former tight end for the Kansas City chiefs with the sexual appetite of 100 men): So it can be a *Kentucky Fried* Thanksgiving, and because Brock Samson needs someone to battle!

5) **Christina Hendricks** (Actress, *Mad Men*): I think she'd really dig me for me, and she probably really digs lying on the couch after dinner watching the Lions get killed.



Beau Smith's
Dinner Guests

Beau Smith: *Writer, He-Man*

Beau Beau has been a part of the comics scene for many, many years, from the early days of Eclipse Comics to today. Always busy, Beau's latest works as a writer can be found in the *DC Holiday Special 2009* (*B'Wana Beast* story), *Wynonna Earp: The Yeti Wars* (from IDW, Spring 2010), *Classic Captain Action* (from Moonstone Books, Spring 2010), and *Parts Unknown: Invasion* (from Unleashed Press, Spring 2010). As always, you can find his latest ramblings, rants and raves in his column, *Busted Knuckles* at: www.comicsbulletin.com/busted/

Beau Smith's Thanksgiving Guest List:

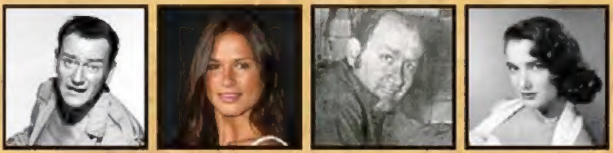
1) **John Wayne** (Hollywood Legend): I would not be Beau Smith if I didn't have John Wayne as a Thanksgiving guest. It would be great to talk to the biggest icon of manhood ever on all topics of conversation.

2) **Theodore Roosevelt** (President, Rough Rider): In my opinion, the greatest President we've ever had. He led the truly strenuous life and I would love to hear about it firsthand.

3) **Rhona Mitra** (Actress): Come on... do I really have to give you a reason?

4) **Don Heck** (Artist): It would be great to talk to my good friend again. His art is my time machine. One look at it and I'm a carefree 12-year-old kid sitting under a shade tree with a bottle of RC Cola and a Moon Pie...

5) **Julie Adams** (Actress): She was my first crush as a kid. Seeing her in *Creature from The Black Lagoon* added lust to my life and I haven't lost it yet!



Marty Grosser's
Dinner Guests

Marty Grosser: *Previews Editor*

For the past 20 years, Thanksgiving has been a real mixed bag for me, spending it with family on many occasions, but in more recent years, I've found myself depending on the kindness of friends to play host family to me. Talk about being "thankful"! So, I figured I would return the favor, and invite some folks who may not always have a home to go to:

1) **Hellboy** (Paranormal Investigator): Definitely a guy who likes to eat, and who definitely finds himself far from home more often than he'd like.

2) **Itto Ogami** (Lone Wolf, Shogun Assassin): The road to vengeance is long, but nothing says "stop and take a break" like turkey with a pumpkin pie chaser!

3) **Louise Brooks** (Silent Film Icon): My passion, my obsession. Forced out of Hollywood too soon, she spent her later years alone in New York City. For all the beauty and enjoyment she has brought myself and countless others through her films, she deserves a good meal and good company.

4) **Jimmy Stewart** (Movie Legend): Jimmy surely had a place at his own table each Thanksgiving, but he just seemed like a guy you'd want to spend an evening with...and he was used to the quirky and odd thanks to his pal, Harvey, so Hellboy shouldn't freak him out too much...

5) **Galactus** (Eater of Worlds): There'll be no leftovers when he cleans up after dinner...

Ryan Sohmer's
Dinner Guests

RYAN SOHMER: *Writer, Least I Could Do and Looking For Group*

For myself and my family, thanksgiving or any other holiday that involved a gathering of more than 4 people in a single room, always resulted in mischief and loud conversation. Don't blame us, blame the society we live in that insists that spending time with your blood relatives is a good thing! That said, there are a few individuals I would like to see seated at our table, to face the wrath that is the Sohmer family:

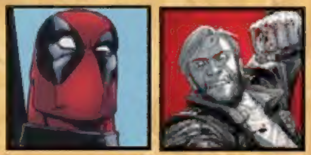
1) **Deadpool** (Merc. With a Mouth): Getting shot in the face was funny when the pilgrims did it at their tables, thus I can imagine that with the advancement in weapons technology, it'll only be funnier now.

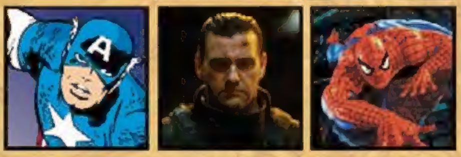
2) **Rick Grimes** (Leader, *Walking Dead*): Despite being in the middle of the ongoing story of horror survival, he and his friends could probably go for a meal. Of course, my ulterior motive is the hope that one of them is infected and will turn as soon as my aunt shows up...

3) **Steve Rogers, Captain America** (American Icon): The thought of Rogers having to re-visit the dinner time and time again as he's looped through time appeals to me.

4) **The Punisher** (Vigilante): I would love to — NEED TO — play "gay chicken" with Frank Castle!

5) **Spider-Man** (Super-Hero, Nerd): Once supper was over, I'd hand Pete a piece of paper with the title "Things You Need To Know", with such important facts as *"Your Life with your hot 30-year-old wife should ALWAYS be chosen over the life of your 173-year-old aunt. She misses Ben, and you were being selfish."*





Jim Kuhoric's
Dinner Guests

JIM KUHORIC: *Writer, Diamond Director of Purchasing*

When he isn't overseeing Diamond's team of Comics Brand Managers, Jim Kuhoric can be found hunched over a keyboard, laying down the words that go to the pictures featured in such series as *Army of Darkness, Freddy vs. Jason vs. Ash*, and his own creation, *Dead Irons*. Here's Jim's Thanksgiving dream-guest-list:

1) **Stan Lee** (Writer, Comic Book Legend): Besides being the creator of some of the most beloved and enduring comics, I think his stories and energy would be incredibly entertaining.

2) **Charlton Heston** (Hollywood Legend): Sure it'd have to be from beyond the grave... but if anyone could do it, Chuck Heston could! Wait for it... "Take your stinking paws off my turkey leg you damn dirty ape!"

3) **Vampirella** (Vampire, Alien): I could make up a reason but you'd never believe me any way...

4) **Adam West** (Actor, Cartoon Mayor): He's every bit as "batty" in real life — who wouldn't love to break bread with TV's Batman and the King of Camp?

5) **Silas Irons** (Comic Book Gunslinger): The youngest son of the undead Irons clan from *Dead Irons*. Something tells me we'd have a lot in common...

Steve Leaf's
Dinner Guests

STEVE LEAF: *Diamond Brand Manager, Mensch*

Steve has been in the biz for a very long time, from retailing to distribution. So he knows his stuff, from the Golden Age to Today, which would most likely give him an advantage in dreaming up a dream guest-list. Steve says: *"For my annual version of the turkey holocaust I'd love to sit with...":*

1) **Diana Rigg** (Actress, TV Host, Spy): What would you expect from the *Avengers* fan supreme?

2) **Alex Toth** (Comic Book Legend): It's a holiday, so you've got to have at least one curmudgeon... plus, I loved his work on *Space Ghost* and *Zorro*.

3) **Jack Kirby** (Comic Book Legend): I got to meet him and his wife, Roz, a few times, and there are so many stories I'd like to hear...

4) **Robert B. Parker** (Author): Not the wine guy, *Spenser, Sunny & Jesse* author, my favorite fiction writer, and damn I wish I was talented enough to do his books as graphic novels!

5) **Kid Eternity** (Golden Age Icon): With the Kid at my table, I wouldn't be limited to just 5 guests...
